EMPLOYMENT

- **Research and Teaching Assistant** Université Paris-Est Créteil
Since Sept 2025
- **P.h.D in Mathematics** LAMA (UMR 8050) - Université Paris-Est Créteil
Oct 2022 - June 2026

EDUCATION

- **P.h.D in Mathematics** LAMA (UMR 8050) - Université Paris-Est Créteil
Thesis: Inhomogeneous or anisotropic function spaces: modelling and estimation of multifractal spectra. Oct 2022 - June 2026
Supervisors: Stéphane JAFFARD & Stéphane SEURET
Defence date: 19 June 2026
- **M.S in Mathematics and Applications - Analysis track** Université Gustave Eiffel
Dissertation: Multifractal wavelet analysis methods. Applications and Simulations. Sept 2021 - Sept 2022
Supervisors: Stéphane JAFFARD & Guillaume SAËS
- **M.S in Mathematics for the french Agrégation** Université Paris-Saclay
Dissertation: Random covering of the circle. Sept 2020 - June 2021
Supervisors: Arnaud DURAND
- **1st year of M.S in Fundamental Mathematics** Université Paris-Saclay
Dissertation: Proof of an ubiquity theorem. Sept 2019 - June 2020
Supervisors: Stéphane SEURET
- **B.S in Fundamental and Applied Mathematics** Université Paris-Saclay
Dissertation: Study of local and uniform regularity and Applications. Sept 2018 - June 2019
Supervisors: Stéphane JAFFARD

PUBLICATIONS

Papers

- [1] Q. Rible. “Espaces de fonctions inhomogènes ou anisotropes: modélisation et estimation de spectres multifractals”. PhD thesis. Université Paris-Est Créteil, 2026.
- [2] Q. Rible and S. Seuret. “A non-vanishing property for tensor products of wavelets”. Submitted. 2026.
- [3] Q. Rible and S. Seuret. “Traces of functions in Besov spaces in Gibbs environment”. Submitted. 2026.
- [4] Q. Rible. “Inhomogeneous Sobolev and Besov Spaces: Embeddings and prevalent smoothness”. Submitted. 2025.

Posters

- [5] S. Jaffard, Q. Rible, and G. Saës. *Multifractal Analysis of the Riemann’s Series*. Harmonic and Multifractal Analyses : from Mathematics to Quantitative Neuroscience. 2023.

TALKS & POSTERS

IN CONFERENCES

- **Deuxièmes Journées de l’axe Analyse Multifractale et Applications** Jun 2025 - Agay, France
- **Fractal Geometry and Stochastics 7 Conference** Sep 2024 - Chemnitz, Germany

- **Premières Journées de l'axe Analyse Multifractale et Applications** May 2024 - Agay, France
- **Geometry and Fractals under the Midnight Sun Conference** (Lightning Talk) Jun 2024 - Oulu, Finland

SEMINAR

- **Groupe de Travail des Thésards du LJLL** May 2026 - Paris, France
- **Séminaire de mathématiques de Vannes du LMBA** Oct 2025 - Vannes, France
- **Harmonic and Multifractal Analysis Team Seminar** Jan 2025 - Créteil, France
- **Séminaire des doctorants du LAMA** Nov 2024 - Créteil, France

POSTER

- **Geometry and Fractals under the Midnight Sun Conference** Jun 2024 - Oulu, Finland
- **Harmonic and Multifractal Analyses: from Mathematics to Quantitative Neuroscience** Jul 2023 - Montréal, Canada
- **PhD Day of the Doctoral School MSTIC** May 2023 - Champs-sur-Marne, France

TEACHING

- **Probability for physics** Université Paris-Est Créteil
15h/year - Tutorials for 2nd year of B.S. in Physics Jan - Apr 2026
- **Complex variable functions and Laplace transform** Université Paris-Est Créteil
30h/year - Tutorials for 2nd year of B.S. in Engineering Jan - Apr 2026
- **Real Analysis** Université Paris-Est Créteil
72h - Tutorials for 1st year of B.S. in Mathematics Jan - Avr 2026
- **Fourier and Wavelet Theory For Data science** Université Paris-Est Créteil
24h/year - Lecture course for 2nd year of M.S in Artificial Intelligence and Data Science 2023 - 2025
- **Vector spaces** Université Paris-Est Créteil
30h/year - Tutorials for 2nd year of B.S. in Physics 2022 & 2025
- **Real Analysis** Université Paris-Est Créteil
36h/year - Tutorials for 1st year of B.S. in Mathématiques 2023 - 2025
- **Wolfram Language School** Wolfram Research Europe Ltd., Oxfordshire, UK
Wolfram Language Autumn School - 1 week Oct 2025
Wolfram Language Summer School - 2 weeks Aug 2025
Teaching and tutoring high school students in learning the Wolfram Language through science projects in Mathematica
- **Maths C2+**: Accompanying high school students on a visit to the "Cité des Sciences" to promote scientific and technical knowledge (Fev 2023)

SEMINAR ORGANISATION

- **Young researcher seminar of LAMA** Université Paris-Est Créteil
Monthly seminar 2022 - 2025
- **Young researchers of LAMA's Day**: co-organisation with Aurélie BIGOT, Teo GIL MORENO DE MORA I SARDA, Valentin LEMARIÉ et Nolwenn LE QUELLEC for 3 days of conferences for young LAMA researchers (22-24 May 2024)

LANGUAGES

- **French**: Native
- **English**: C1

COMPUTER SCIENCE SKILLS AND EDUCATION

- **Deep Learning** LISSI - IUT de Créteil-Vitry
Lectures and tutorial from Ghazaleh Khodabandelou Oct 2022 - Dec 2022
- **The Wolfram Research Summer School**: Learning and implementing mini-projects using the Wolfram Language (July 2016)
- **Languages**: Python, Matlab, Wolfram
- **Tools**: Keras, TensorFlow, Matlab, Mathematica

AWARDS

- Placed first in the ENS Cachan entrance exam for Technology and Industrial Sciences students
- Academic Merit State Scholarship
- Academic Merit Scholarship, awarded by *Département du Val-de-Marne*
- Placed second in the Concours Général des Lycées in Science and Technology for Industry and Sustainable Development
